

HOW TO PLAY HAPPY NEW YEAR CATEGORIES:

Print out the following two pages. Cut apart the category cards. Give each player a recording sheet.

One player or collaborative play: Pick a category card. Set a timer for at least one minute. How many words can you write down based on the category? When time is up, count how many words you wrote down. If you don't want to write the words, just use the category cards.

More than one player: Give each player a recording sheet. Set a timer for at least one minute. Write down as many words as you can based on the category card. When time is up, read your answers aloud. If there are any matching answers, cross the word out. Any words that are not duplicates and fit the category, score as one point. The player with the most points is the winner. Play one round or several rounds and add up your score.
