

Extra Puzzle Piece

Cut out all of the 16 square pieces. Use 15 of them to make a puzzle that is 5 squares across and 3 squares down. There is one clue to start: the first square is puzzle piece B4. Which is the extra puzzle piece?

B4				

Want a bigger challenge? Do not cut the puzzle pieces out and write in the correct answers in the grid above.

Extra Puzzle Piece Solution

ANSWER:
C2

B4	D3	C1	B1	D1
C4	C3	A3	B2	A1
D4	A4	A2	D2	B3
